Carroll Allen	Term expires 1971
Burchard Dunn	Term expires 1972
Donald Hanscom	Term expires 1972
Robert Cort	Term expires 1972
John A. Roe, Chairman	Term expires 1972
Richard LaGrange	Term expires 1972

## LETTER OF TRANSMITTAL

It is a pleasure to submit the Annual Report of the Town of Hampden for the municipal year 1969.

The following developments have had major effects on the recommended 1970 town budget.

Benefits to recipients of Aid to Dependent Children were substantially increased retroactive to July 1, 1969. The new monthly payments commenced on January 1, 1970 and retroactive payments will be forwarded early this year. Hampden's share of these increases necessitated doubling our usual appropriation to this account. However, the State Department of Health and Welfare will assume the full cost of this program on January 1, 1971.

The Public Utilities Commission approved rate increases for the Hampden Water District effective October 1, 1969. This action increased the annual cost of hydrant rentals by \$6,000.00. Inasmuch as the 1969 appropriation did not include any provision for this increase it is necessary to include the additional unpaid \$2,030.58 in the 1970 budget to cover the period from October 1, 1969 to February 1, 1970.

It appears that government regulations will prevent the town from borrowing tax anticipation money beyond its immediate needs. This will prohibit the town's usual practice of reinvesting borrowed funds which in previous years reduced the annual interest cost. The schedule of payments to S.A.D. No. 22 has been revised so that the first payment is now due on March 31st and will require borrowed funds for a longer period of time tending to further increase interest costs.

The 104th legislature increased excise taxes by one mill for each one hundred dollars of factory list price which will result in additional funds to the town in 1970. The estimated increase has been applied to our Highway Department ap-

propriations and will serve to offset some of the above increases affecting property taxes.

A cost of living wage increase for all full-time employees is included in the recommended departmental appropriations.

The State Highway Department paved Route 1-A from the Coldbrook Road to the Bangor line and the full length of the Old County Road. This is a decided improvement to two of the town's main thoroughfares.

The Donated Commodity Program is now available to eligible residents of Hampden and is proving to be a worthwhile service at very little cost to the town.

The program of proper spacing of our street lights and updating the fixtures from incandescent to mercury vapor was continued on a small scale this year. Further improvements are planned for 1970.

On February 1, 1970 the selectmen appointed Herbert L. Hanson single assessor for the town. He will serve in the same capacity for the town of Pittsfield and equally divide his time between the two communities. As soon as the assessor's office hours in Hampden are established they will be publicized.

The town maps have been completed and the contractor will update them to April 1, 1970. The real estate field work is practically finished and Jerome Knowles Associates are preparing property values. When completed each taxpayer will receive a list of all real estate valuations. Shortly thereafter the appraisers will hold hearings for those who have questions or want explanations of their valuations.

Activities of town departments, agencies and officers are included in the following pages of this report.

I wish to express my sincere appreciation for the co-operation of all town officials, employees and interested citizens during the past year.

Respectfully submitted,  
LAWRENCE C. LYNCH  
Town Manager

## ASSESSOR'S NOTICE

To: All persons liable to taxation in the municipality of Hampden, Maine

You are herewith directed, according to Title 36, Sec. 706, M.R.S.A., to furnish the Municipal Assessor of the Town of Hampden, Maine a true and perfect list of all polls and estates, not by law exempt from taxation, of which you are possessed on the first day of April of this year. This list must be filed on or before the 20th day of April, 1970 and in the case of a commercial interest should include the value of its average inventory for the year.

If any person after such notice does not furnish such list, he is thereby barred of his right to make application to the assessors, the Assessment Board of Review or the Courts for any abatement of his taxes, unless he furnishes such list with his application and satisfies them that he was unable to furnish it at the time appointed.

### NOTE!

The above is a requirement of State Law. More than that, however, it is important that these lists be filed so that a more accurate assessment can be made. Properties, which have been sold or junked should be so noted on the list that they will not be taxed to the former owner. Additions or improvements to property should of course be listed.

"Tax List" forms may be obtained at the town office although the "Lists" can be submitted on standard 9" by 11" typing paper. Taxpayer's name, address and itemization of Real and Personal property should be included. Liability for payment of a poll tax (or exemption therefrom) should be noted and all dogs owned should be listed as to age and sex. A listing of specific personal properties subject to taxation will be published in future releases to the local newspaper.

Several changes in the tax laws have been enacted recently which will be of interest to the taxpayer. T.V.'s and musical instruments are now exempt and need not be listed. Certain farm machinery (up to a value of \$5,000) has been exempted and heads of households over certain ages can request a waiver of payment of any increase in property taxes on their homes. Veterans, widows, blind folks, men over 70 and others wishing to claim exemption under State Law must file a request and proof of entitlement prior to April 1 of the current year. Sno-mobiles will no longer be taxed on the municipal level (except as stock in trade) but will instead pay a fee to the Dept of Inland Fisheries and Game.

If questions arise relative to property taxation, or if further information is desired, I shall be happy to attempt to provide the necessary information.

Respectfully,

HERBERT L. HANSON,

Assessor

# **HAMPDEN HEALTH COUNCIL ANNUAL REPORT 1969**

In the Fall of 1969 the Hampden Health Council conducted a survey to determine the need for pre-school Child Health Conferences. We have voted to discontinue our regular health conferences as the majority of responses was negative. However we will be available to assist in any special clinics or community projects.

Our sick room loan closet remains open to any and all Hampden residents. Information on these facilities may be obtained by calling Mrs. Ralph Milner. Tel. 862-5021.

Respectfully submitted,  
JEANIE MADDOCKS  
BARBARA CONDON  
Co-Chairmen

# REPORT OF PUBLIC HEALTH NURSE

Maine Department of Health and Welfare

Division of Public Health Nursing, Bureau of Health  
Annual Report of Public Health Nursing Service in Hampden  
for the year 1969

Your public health nurse, a member of the Division of Public Health Nursing, provided your community with a generalized community nursing service. She gave care to individuals in their homes, in state operated clinics and in other service settings.

The nurse conferred with town officials, school personnel, and physicians, to promote and maintain health, prevent disease and give care to children with crippling conditions.

The nurse admitted thirteen new individuals to public health nursing service. The patients were referred by the following:

1. School personnel
2. Hospital or Out Patient Department
3. Division of Child Health
4. Tuberculosis Control
5. Other public agencies
6. Cases found by the Public Health Nurse

The following table presents the number of patients by type of condition. The age group, and number of visits are listed for comparison.

Number of Patients by Type of Case,  
Age Group and Number of Visits

Type of Case	No. of Patients	Age Group	No. of Visits
Communicable Disease	9	6 school age	12
		2 adult	
		1 preschool	

Non-classified Illness	5	3 preschool	10
		1 school age	
		1 adult	

Type of Case	No. of Patients	Age Group	No. of Visits
No. illness or maternity	3	1 infant	7
		1 preschool	
		1 adult	
Cardiac	3	3 school age	4
Crippling conditions	2	1 school age	2
		1 adult	
Eye and ear conditions	2	2 school age	6
	—	—	—
Total	24	24	41

The nurse planned with school personnel for tuberculosis skin testing in the school. Tests were given in the spring and fall to school enterers, grades 7 and 12 and school personnel who requested the test. There were two individuals who showed a skin reaction. The chest x-rays of each person revealed normal chest findings.

Respectfully submitted,

JUNE WINSOR, R.N.

Public Health Nurse

## AMBULANCE SERVICE

In the twelve months ending February 1, 1970 the town ambulance responded to 94 calls. This total includes 31 calls for transportation of patients in neighboring towns. Most of the runs can be classified as emergencies although some are merely transportation cases.

The ambulance crew has performed admirably and their loyalty should be a source of pride to the community. A review of those participating in this activity indicates that available personnel has decreased since the inception of the service. No request has been refused due to lack of attendants but more volunteers would give assurance that this would not happen.

Again this year we owe the Fire Department Auxiliary our gratitude for the donation of a supply of inflatable plastic splints. These are necessary pieces of first aid equipment and have served their purpose on several occasions.

Backboards for the proper handling of some patients were recently added to the ambulance. Our thanks to the Industrial Arts classes for Hampden Academy for construction of this needed equipment.

It is not yet certain what effect the new ambulance licensing law will have on our operations. If their rules and regulations are too strict they could seriously hamper the service we have been giving. It appears that some form of training will be required which could place a hardship on our volunteers because of limited time to participate in the necessary classes.

A capital reserve fund has been set up for the eventual replacement of our present 1958 vehicle. It is hoped that we will be eligible for matching funds from the federal government when we are in position to trade.

## POLICE DEPARTMENT REPORT

To the Town Manager, Board of Selectmen and Citizens of  
the Town of Hampden:

Following is the annual report of the Police Department  
for 1969.

More than ever this Dept. has had an excessive number  
of hours of work per man.

	1967	1968	1969
Complaints Received	694	946	1,286
Arrestable Complaints	141	113	425
Patrol Arrests	82	177	180
Accidents Investigated	86	71	123
	<hr/>	<hr/>	<hr/>
Total	903	1,307	2,014

With this much larger increase, your Department has not been able to decrease the accidents nor keep down breaking entering and larcenies. The Narcotics are still here and the use of the hard drugs like L.S.D. are coming into use. The man power, etc., is 20 years behind time and if more help is not received soon we will be in for more troubles than ever. Crime is on the increase all over the country and we need to pick up our end to offset it. Safe Streets Act will allocate 60% of the cost.

This Department sincerely appreciates the assistance received from citizens, Town Officials, Fire and Highway Departments, other Local and State Law Enforcement bodies.

Chief of Police

ROLAND HUSTON

Hampden, Maine

## FIRE DEPARTMENT REPORT

To all the Town Officials and the Citizens of the Town of Hampden:

This is my twenty-third annual report for the Fire Department and is for the past year of 1969, during which time we had a total of 85 fires.

Station No. 1 is still overcrowded with its five vehicles, but it has made things somewhat more convenient by swapping offices with the Police Dept. which gives the Police office more room and the Dispatchers a view of the street, with a large window now in the front, which they never had before. Needless to say, they spend long hours on duty.

Station No. 2, at West Hampden, has had another heating unit installed which replaces the old unit that was in it for a great many years even when the building was down to the "Corner." Engine No. 4, at West Hampden, needs to be retired and we hope that in the near future, that it can be replaced with a late model Tank Truck. We are taking steps in that direction at the present time.

We have purchased considerable new equipment for the men this past year and are in very good shape for hose for the equipment and some to spare on the racks.

We are anticipating a bad spring for grass fires, due to the mild winter and lack of snow. Please remember that everyone burning grass must have in their possession a permit to burn, issued at the main Station, after the snow has left.

Again, thanks to all of the Officials, and all the other Depts., for their cooperation.

Respectfully submitted,

CLAIR A. TRASK,

Fire Chief

## HIGHWAY DEPARTMENT REPORT

During 1969 the Highway Department continued its program of improving town streets and roads.

The reconstruction and drainage of Cottage Street was nearly completed. This summer the street will be properly graded and tarred.

The tarring program could not be completed due to a total breakdown of the old street sweeper. The delay in obtaining a replacement for this equipment and the unusual rainy fall weather prohibited continuance of tarring projects as planned. These streets and roads are scheduled for attention this summer. Prior to the above problem new tar was applied to five streets and roads, seven were sealed and four were mulched.

Town Road Improvement funds were used for the reconstruction of a section of the Emerson Mill and Paper Mill Roads. Money appropriated for State Aid road construction in 1968 and 1969 will be used along with State funds to rebuild the Coldbrook Road from Route 1-A to Route 202.

Resurfacing, grading and ditching of the Monroe Road is being carried out as planned.

In 1969 a new Caterpillar loader was purchased to replace the 1963 loader. The 1965 G.M.C. truck with plow and sander should be replaced this year. In addition, a new gravel screen should be purchased to eliminate constant costly repairs and downtime of the present equipment which is about ten years old.

Although snow removal has not yet been a major problem this winter the repairing of washouts, ditches and other drainage situations caused by unseasonable downpours has kept the highway crew very busy.

A street and road program for 1970 is prepared. This pro-

gram will have to be reviewed in the spring and be subject to change due to heavy winter rains and frost conditions.

Respectfully submitted,

**SHELDON RYDER**

Highway Foreman

## HAMPDEN RECREATION AREA REPORT

The Coldbrook Stream Swimming Area located on the Paper Mill Road operated very successfully for an eight week period this past summer.

William Read, Director and his staff were hampered considerably by damage to the temporary dam and other equipment by the unusually heavy rains. However, no serious closing of the area was experienced as the staff promptly remedied adverse conditions as they occurred.

In addition to those who provided their own transportation approximately sixty children per day took advantage of the bus service. Our appreciation to S.A.D. No. 22 for furnishing a bus for this purpose.

The staff continued its program of swimming lessons and life saving instructions which have been very popular for many town youngsters.

Before the start of the 1970 program it will be necessary to replace the life guard stands, some sections of the temporary dam and some picnic tables. In addition the main building should receive at least one coat of paint.

In order to complete the above replacements and repairs and pay salaries comparable to those in the immediate area the committee has requested an appropriation of \$4,000.00.

At the Whitcomb-Baker Recreation Area a fence was erected around the V.F.W. building and lot. The little league diamond was loamed and seeded and it is hoped the turf will be ready for the opening of the little league season. The Hampden Jaycees again provided the lighted skating rink for winter recreation. A planned program of expansion for this area is mapped out and it is hoped that a section can be developed each year until it is completed.

It cost about \$500.00 to erect the above fence and for

this reason the committee feels that an appropriation of \$1,000.00 will cover the expansion program this year.

The committee wishes to acknowledge with thanks the volunteer labor of those who participated in the work of constructing the little league field.

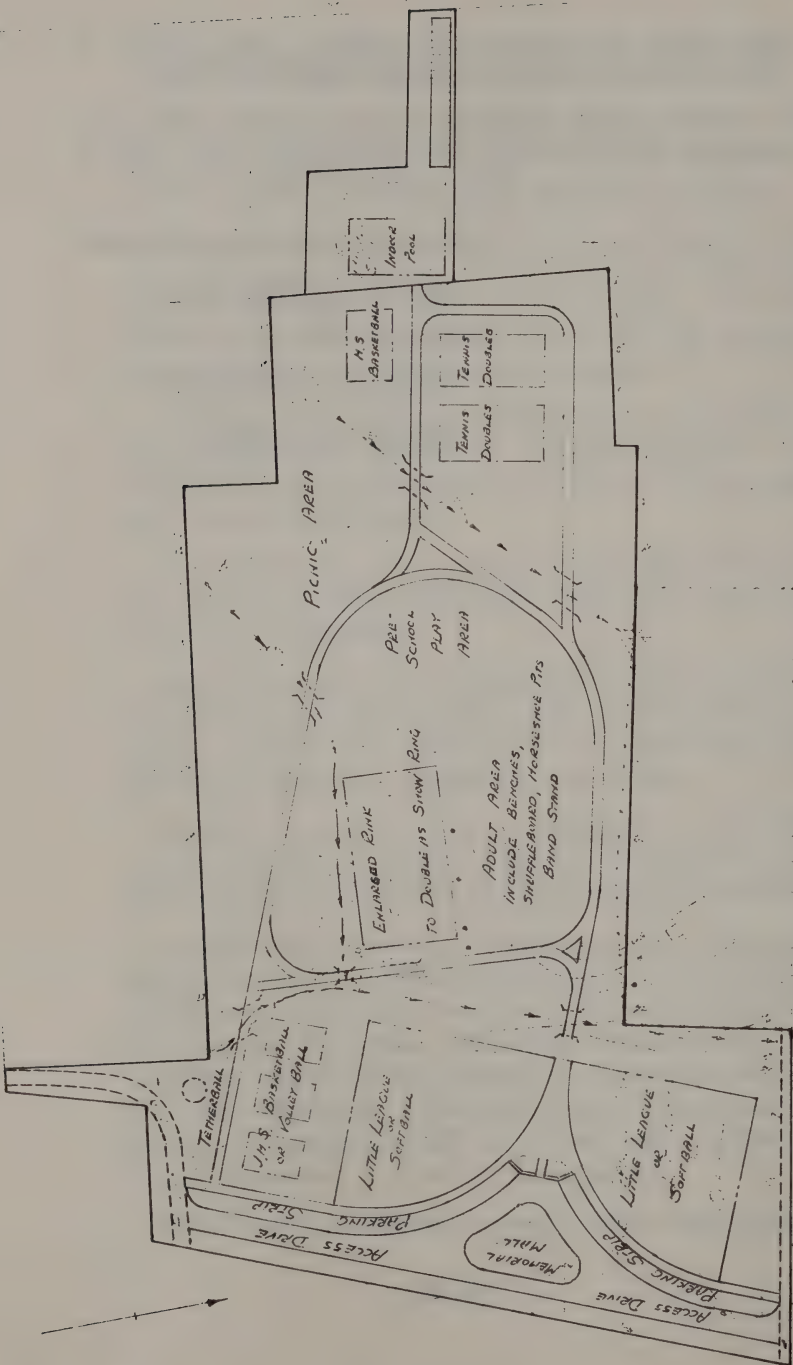

Hampden Recreation Committee

JOHN C. BJORN, M.D.

LURA HOIT

RICHARD STRATTON

STEVE VAFIADES

## INDUSTRIAL DEVELOPMENT COMMITTEE

During the year the Industrial Development Committee held several meetings investigating possible methods of interesting suitable businesses and industries to locate in the Town of Hampden. Many approaches to such a program were considered and will be further discussed in order to determine the best solution.

The Committee also participated in joint meetings with the Selectmen, Planning Board and Zoning Board to overcome problems relating to applicants for business establishments within the town. These were settled in a manner satisfactory to all parties. This same group met with a prospective developer of a garden industrial park. However, he has apparently lost interest or is postponing further action until a later date.

A portion of the 1969 appropriation was used to purchase two pages in the Penobscot County promotional booklet which is widely circulated.

Two new enterprises are welcome additions to the town.

The West Hampden Country Club located on Route 9 was completed during the summer. The complex includes a modern club house, golf course, dining, banquet and all other related facilities.

Indoor Tennis is the latest addition to the Hampden Industrial Park. Its new building houses four double tennis courts and is the only operation of its type in this section of Maine.

## ANNIVERSARY COMMITTEE

Hampden's Centensimus tres-quartus (175th) anniversary was celebrated September 11 thru the 14th, with a busy weekend enjoyed by all ages.

We opened the celebration with a Variety Show, arranged by Morna Rawcliffe and Tom Reeves. Gene Putnam mc'd the show, which played to a standing room only audience at the Weatherbee School Gym. The show featured just a few of the many talented people who live in Hampden. Judging of the "Brothers of the Brush" contest and the crowning of "Miss 175th" ended the evening.

On Friday, September 12, the Garden Club sponsored a very successful tour of homes owned by Mr. and Mrs. James Carter, on Summer St., Mr. and Mrs. Roger Morin, Sunset Ave. and Mr. and Mrs. Richard Woodsum's home on Summer St., built in 1788. The Woodsum house was transformed into a typical early country home, and it is estimated that about 500 people visited the house during the weekend. A luncheon was served at Harmony Hall by Garden Club members, where an interesting display of heirloom clothing and furniture decorated the stage. Many pictures of Hampden's past were also featured.

In the evening a bonfire and rally was held for Academy students to kick off our first home football game of the season. This activity was under direction of the Fire Dept.

An outdoor square dance, planned by Sumner Rogers, completed Friday's activities.

Saturday, the big day of the celebration, featured the largest parade in Hampden's history, with Hanson's Ski Shop, 1st place winner, Hampden Hardware, 2nd and Frost's Garage, 3rd and Hampden J.C.'s honorable mention. In the afternoon a Fireman's Muster, with 16 vintage hand tubs coming from several surrounding states was the main event. This was the first New England League muster to be held

BEARDS — L-R: Dick Woodsum, best groomed; Ken Brown, fullest; Jim Rohn, most original. Miss "175th" — Debbie Newey.

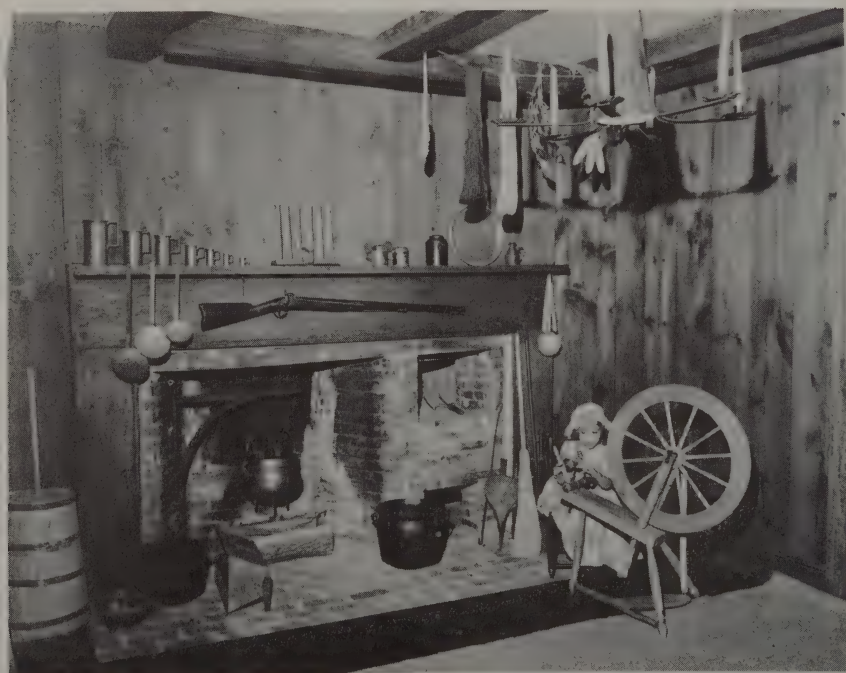

1st PRIZE FLOAT — Benj. Wheeler paddling up Penobscot to Hampden, by Larry Brann.

HOUSE TOUR — Summer St. home of Mr. and Mrs. Richard Woodsum Temporarily furnished in 1800 period, for the celebration.

in this area. Prize money for this event was earned by the planning committee by solicitation and through the sale of commemorative plates. Plate orders were handled by Mary Chase, Peg Dexter and Kay Barrows.

On Saturday evening two dances were held, one for the teenagers, planned by Elinor Canders and Jo Thompson. The other at the Grange Hall, sponsored by Eastern Star Grange No. 1.

The VFW men and women were busy all day Saturday serving breakfast, a chicken barbecue and a baked bean supper.

The sun was still shining for our Heritage Sunday devotional services honoring our town and its early settlers.

In the afternoon the Jaycees and their wives sponsored a doll carriage and bicycle parade followed by games for the children. For the men there was a slow-pitch soft-ball game.

Closing the weekend festivities was a band concert by the 195th Army Band, played on the green in front of Hampden Academy. Roderick Farnham, our state representative, was master of ceremonies, giving a brief history of our town.

During the weekend, works by local artists were on display at the Town Hall, arranged by Jim Bartlett. An exhibit of jewelry and rock collections as well as needle and craft work was arranged by Ginny Garland.

The committee wishes to take this opportunity to thank everyone who worked and stuck with us through all our problems to make this celebration the success it turned out to be. Other special thanks to the Police Dept., bus drivers, Jim Rohn, Arthur Rideout and Bob Stubbs. Parade committee, Herb Frost, Fay Shook, Darryl Couillard, Midge Bailey and Judy Moody. Parade judges, Esther Spaulding, Marion Couillard and Earl Banks. Publicity, Arnold Thomp-

son, town history, Marion Smith and pictures Reg Clark. The School Dept., Mr. Lynch and the girls at the town office, and the Selectmen for their token gift; Booklet, Elinor Canders, senior citizens, Janis Evans. The muster committee, Bill Shook, Bob Chase, Bob Bailey, Rolly Huston and Ellwyn Brewer. Band concert, Bob Goode. Cooperation: Herb Tenney, Ray St. Pierre and Charlie Stevens.

Respectfully submitted,

BETTY MILNER

### TO SAY "THANK YOU"

Many summers have come and gone  
Since Hampden became a town.  
The years have witnessed it's progress,  
It's people have brought it renown.

Each of the years has seen some change  
Our town with our country has grown —  
Steadily and progressively  
Hampden has made itself known.

In politics, in schools, in health  
Its influence has spread wide  
And "always onward" is the goal  
Of its citizens — side by side.

And so as the time to celebrate  
Centensimus Tres-Quartus drew nigh,  
A common bond of love and pride  
Kept enthusiasm high.

Committees were formed, telephones rung  
And ideas gathered anew —  
Letters written and meetings held,  
So much for each to do.

Working together the plans took shape  
A mixture of effort and fun  
For the date was fast approaching  
When all work must be done.

Thus when September 11 rolled round  
The program had a great start  
Variety show, complete with beards,  
Bonfire, Square dance, and Art.

Saturday offered a grand parade  
In really professional style,  
Bands and clowns, fire trucks and floats —  
It certainly was most worthwhile.

Then firemen's muster, with teams from afar,  
And games for the children to play.  
A concert band to entertain,  
Made them all most exciting days.

What really made the affair so great  
Was the way folks worked together —  
For this is what counts from day to day  
As we share the good or bad "weather."

And for this cooperation  
A sincere thanks to each one.  
Your continued interest and effort  
Made our "Anniversary" well done.

## HAMPDEN WATER DISTRICT

An act enlarging the territorial limits of Hampden Water District and changing the time of election of trustees of Hampden Water District, was passed by the One Hundred and Fourth Legislature.

This bill extends the districts boundary to encompass the complete Town of Hampden. It is the vehicle used in which all the people of Hampden will now be able to vote in the election for the trustees. Also the election can now be held with the annual election of the Town of Hampden officials.

As so indicated in our last report the Maine Public Utilities Commission approved the new rate as prepared by Little, Gray, and Horton. This rate was put into effect on October 1, 1969. The trustees believe this to be a realistic rate and believe it will serve our needs for at least 7 years as our last rate increase did.

## WATER DISTRICT AUDITOR'S REPORT

February 16, 1970

Trustees  
Hampden Water District  
Hampden, Maine

Gentlemen:

In accordance with the request of your Treasurer we have examined the trial balance and closing entries of the Hampden Water District as kept for the year ended December 31, 1969. Our examination included reconciliation of the checking account and actual count of the petty cash fund.

The disbursements as recorded by your Treasurer were reconciled with the total bank clearance for the entire year. We have extensively test checked payrolls and vouchers in support of disbursements. The classification of expenditures and other transactions is believed to be consistent with public utilities accounting. In accordance with the terms of our agreement we have not verified the customers' accounts nor have we made a physical count of materials and supplies on hand.

Respectfully submitted,

W. C. WHEELER

Public Accountant

## AUDITOR'S REPORT

March 9, 1970

Board of Selectmen  
Hampden  
Maine

Gentlemen:

In accordance with your request we have made a limited general post audit of the accounting records of the Town of Hampden, Maine for the year ended January 31, 1970. Our examination and accompanying report was based upon the generally accepted audit procedures pertaining to State of Maine Municipalities.

We herewith submit our report consisting of exhibits and supporting schedules, together with such qualifications, analysis and recommendations necessary to develop the purpose of a municipal audit. This report is subject to the limitation of time needed for correspondence and all other procedures attendant to verification.

### CERTIFICATE

Based upon our examination and subject to the foregoing, we hereby certify that, in our opinion, the accompanying report properly presents the financial condition of the Town of Hampden, Maine as at January 31, 1970 and the results of its operations for the year then ended in accordance with generally accepted methods of municipal accounting.

Respectfully submitted,

W. C. WHEELER

Public Accountant  
826 Union St.  
Bangor, Maine

## COMMENTS

The decrease in your cash balance reflects expenditures from certain departmental balances carried forward from the prior year. In this category were unfinished projects already authorized and financed requiring more time than one fiscal year of the town for completion. The \$6,000.00 carried forward for town mapping was entirely disbursed and \$13,570.00 out of the \$20,900.00 carried forward for revaluation was likewise expended. It was noted that the amount of uncollected taxes is substantially larger than one year ago and on the assumption that collections will proceed normally, the cash position is viewed to be an improvement regardless of the mathematical difference. The gain in unappropriated surplus is somewhat comparable and is encouraging. It should be obvious that the need for a surplus is due to the period of time that municipal services are being provided before the taxpayers are asked to pay for them.

It is for the purpose of information only that the incidental account (under the heading of general government) has been separated to indicate what portion of the cash income is an allocation to the town from State collected revenue. It is obvious that such anticipated revenue is used to reduce the amount that the voters are asked to raise or appropriate for incidentals. In combination these two accounts show a healthy unexpended balance this year.

The expenditures for long term debt service required a tax levy of \$21,045.00 plus an appropriation from surplus of \$4,000.00 to retire principals, plus an additional tax levy of \$5,549.16 for interest. Due to current borrowing of \$16,998.00 for the purchase of new equipment, the net reduction of debt was only \$8,047.00. These circumstances bear out the contention that debt creates debt and tends to restrict the creation of capital reserves which is a much less expensive means of providing for equipment.

## YOUR 1970 PROPERTY TAX DOLLAR WHERE IT WILL GO

## TOWN WARRANT

Penobscot, ss

To Roland L. Huston, Constable of the Town of Hampden  
in the County of Penobscot

GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the voters of the town of Hampden, in said County, qualified by law to vote in town affairs to meet at the Hampden Town Hall in said town on Monday, the twenty-third day of March, A.D. 1970 at 10 o'clock in the forenoon, then and there to act on articles numbered 1 and 2;

And to notify and warn said voters to meet at the Weatherbee School Gymnasium in said town on Tuesday the twenty-fourth day of March A.D., 1970 at 7 o'clock in the afternoon, then and there to act on article 3 through 23; all of said Articles being set out below, to wit:

Article 1. To choose a Moderator to preside at said meeting.

Article 2. To elect all necessary town officers by secret ballot.

The polls for voting on Article 2 will be open at 10 o'clock in the forenoon and will close at 8 o'clock in the afternoon.

Article 3. To choose one trustee of the George Stetson Fund to serve for three years.

Article 4. To see if the Town will vote to authorize the Selectmen on behalf of the Town, to sell and dispose of any real estate acquired by the town for non-payment of taxes thereon, on such terms as they deem advisable and to

execute quit claim deeds for such property after advertising in a local newspaper for two consecutive weeks that such property is for sale, except when the property is to be redeemed by the former owner, or by his heirs, devisees or assigns.

Article 5. To see if the Town will vote that the tax list be committed as soon after April 1st as possible, that taxes be due on presentation of the bill and that interest at the rate of 6% per annum be charged on all taxes remaining unpaid after December 1st.

Article 6. To see what sum, if any, the town will vote to raise or appropriate for Administration Expenses, as follows:

1969 Appropriation		Recommendation
\$ 4,000.00	Incidentals	\$ 4,000.00
21,400.00	Town Officers and Officials	
	Salaries	21,000.00
2,000.00	Town Hall Expenses	2,000.00
5,500.00	Social Security—Town's Share	5,500.00
3,200.00	Tax Assessor's Expense	6,200.00
<hr/>		<hr/>
\$ 36,100.00		\$ 38,700.00
33,800.00	Appropriate from Property Taxes	32,950.00
2,300.00	Appropriate from Surplus	5,750.00

Article 7. To see what sum, if any, the town will vote to raise or appropriate for Protection, as follows:

1969 Appropriation		Recommendation
\$ 11,000.00	Fire Department	\$ 10,500.00
	Fire Dept. Tanker Capital Reserve	1,500.00

17,000.00	Dispatchers	18,700.00
27,000.00	Police Department	29,200.00
1,000.00	Civil Defense	1,000.00
16,500.00	Hydrant Rental	22,469.42
	Hydrant Rental Arrears	2,030.58
750.00	Insurance Account	450.00
5,500.00	Street Lights	6,000.00
500.00	Ambulance Service	500.00
500.00	Ambulance—Capital Reserve	1,200.00
<hr/>		<hr/>
\$ 79,750.00		\$ 93,550.00
78,950.00	Appropriate from Property Taxes	91,050.00
800.00	Appropriate from Surplus	2,500.00

NOTE: The Hydrant Rental appropriation is reluctantly approved by the Board of Selectmen and the Budget Committee, and it is suggested that steps be taken to merge the Hampden Water District with the Bangor Water District.

Article 8. To see what sum, if any, the town will vote to raise or appropriate for Health and Sanitation, as follows:

1969 Appropriation	Recommendation
\$ 2,000.00	Sewer Maintenance \$ 2,000.00
	Westbrook Terrace and Route
	1-A Sewer Survey 500.00

900.00	Appropriate from Surplus	300.00

Article 15. To see if the town will authorize the Selectmen in behalf of the Town to lease the first floor of the McKinley School Building on the Kennebec Road to the United States of America for post office purposes for a term of years not to exceed five (5) on such terms as they may deem advisable, and to execute a lease for such property.

Article 16. To see what sum, if any, the town will vote to raise or appropriate for Unclassified Accounts, as follows:

1969 Appropriation		Recommendation
\$ 500.00	Maintenance and Removal of Trees	\$ 500.00
150.00	Memorial Day Account	150.00
300.00	Hampden Development Committee	300.00
150.00	Zoning Ordinance	100.00

400.00	Shade Tree Program	400.00
4,200.00	Town Owned Property	6,000.00
3,500.00	Recreation Swimming Area	4,000.00
1,500.00	V.F.W. Area	1,000.00
<hr/>		<hr/>
\$ 10,700.00		\$ 12,450.00
9,700.00	Appropriate from Property Taxes	11,250.00
1,000.00	Appropriate from Surplus	1,200.00

NOTE: The Budget Committee recommends an appropriation of \$3,500.00 and the Selectmen recommend \$4,000.00 for Recreation—Swimming Area.

Article 17. To see if the town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow a sum not exceeding nine thousand dollars (\$9,000.00) for a period not to exceed three years and upon such other terms as they deem expedient and deliver the negotiable note or notes of the Town therefore; this sum to be used to purchase a new gravel screen.

Article 18. To see if the Town will vote to accept the following amounts to be held in Trust and the income to be used toward perpetual care of Cemetery lots all as shown in the following schedule, or act on anything else relative thereto.

1. Virginia D. Marston for the Zenas T. Dillingham Lot in Locust Grove Cemetery \$ 200.00

2. Halsey S. Walls for the care of Lot No. 262A in Locust Grove Cemetery \$ 200.00

Article 19. To see if the inhabitants of the Town of

Hampden will vote to accept the provisions of Title 30, Sections 4401 and 4451 to 4455 inclusive of Maine Revised Statutes Annotated, as amended, relating to the construction of drains and common sewers, and assessments for defraying the expenses of constructing and completing drains and sewers.

Article 20. To see if the town will vote to construct and maintain the necessary sewer line to serve the area on the Coldbrook Road from Laskey Lane to Route 1-A.

Article 21. To see if the town will vote to authorize the Treasurer, with the approval of the Selectmen to borrow a sum not exceeding fifteen thousand dollars (\$15,000.00) and execute and deliver the negotiable note or notes of the town therefore; this sum to be used to construct the proposed sewer as set forth in Article 19.

Article 22. Shall the following ordinance entitled "Subdivision Ordinance of the Town of Hampden" be enacted.

#### SUBDIVISION ORDINANCE OF THE TOWN OF HAMPDEN

An Ordinance Defining Subdivision: Requiring the Approval of Any Subdivision By the Planning Board Before Permanent Work May Be Commenced, and Establishing Procedures Therefor; Stating the Contents Required in Preliminary and Final Subdivision Plans; and Establishing Minimum Standards for Subdivision Design and Construction.

Section 1. Subdivision Plan to be Approved by Planning Board. No plans of a division of land within the municipal boundaries which would by state statute, constitute a subdivision shall be hereafter filed or recorded in the Penobscot County Registry of Deeds until a Final Plan thereof shall

have been approved by the Planning Board, in accordance with all of the requirements, design standards, and construction specifications set forth in this ordinance, nor until such approval shall have been entered on such Final Plan by the Planning Board.

Section 2. Preliminary and Final Plan Required. As to any intended division of land, there shall be prepared and submitted by the Subdivider to the Planning Board both a Preliminary Plan for study and if necessary, modification and a Final Plan. The Final Plan shall not be prepared until the Subdivider has received from the Planning Board written notice of a vote of a majority of the Board approving a Preliminary Plan of such subdivision.

Section 3. No Permanent Work to Be Done Within Subdivision Without Planning Board Approval. No utility installations, no construction of roads, and no construction of buildings shall be done on any part of the subdivision until a Final Plan of such subdivision shall have been duly prepared, submitted, reviewed, approved, and endorsed as provided in this ordinance, not until an attested copy of a Final Plan so approved and so endorsed has been duly recorded by the Subdivider in the Penobscot County Registry of Deeds.

Section 4. The Preliminary Plan. Three prints of the Preliminary Plan, with scales of not less than 100 feet to the inch, shall be submitted by the Subdivider. The size shall be 24 inches by 30 inches maximum and shall contain the following information:

1. Name of title of subdivision;
2. Scale, date, north point;
3. Boundaries of tract;
4. Existing zoning;
5. Name of owner (s) and engineer (s) or surveyor (s);
6. Names of abutting owners;

7. Name, location, width, and cross-section of all existing and proposed streets;
8. Kind, location, profile and cross-section of all existing and proposed drainage;
9. Location of features natural and man-made, affecting the subdivision, such as water bodies, streams, swamps, wooded areas, railroads, ditches, buildings, etc.;
10. Location of all existing and proposed utilities, such as water, electrical lines, etc.;
11. Existing and proposed location, size, and profile of sanitary sewers; or description, plan, and location of other means of sewage disposal with evidence of soil suitable (seepage tests);
12. Lines and dimensions of lots;
13. Topographic map if ground slope is more than 5 feet per 100 or less than 1 foot per 100.

Section 5. Subdivider to Be Notified. The Planning Board shall notify the Subdivider in writing of the vote of the Board on each preliminary map, and of any conditions voted, and shall transmit to the Subdivider with the aforesaid notice, one copy of each drawing or data sheet approved, with the conditions, if any were voted, endorsed on each drawing or data sheet.

Section 6. The Final Plan. The Final Plan submitted by the Subdivider shall consist of 3 prints and an inked cloth tracing which shall contain:

1. All the information required for a preliminary plan;
2. Existing and final proposed lines of streets, ways, lots, easements and public or common areas within the subdivision;
3. Sufficient data to determine the location, direction,

and length of every street and way line, lot line and boundary line, and to establish these lines on the ground;

4. Profiles of the centerlines of proposed streets on sheets separate from the plan diagram, at a horizontal scale of one inch equals 40 feet and a vertical scale of one inch equals 4 feet, with all elevations referred to U.S.G.S. datum;
5. Location of all permanent monuments, properly identified as to whether existing or proposed;
6. Suitable space to record, on the plan, final approval by the Planning Board, with conditions, if any, and also the date of such approval as follows:

Approved: Town of Hampden Planning Board

..... Chairman

..... Date

Section 7. Accompanying Data. The Final Plan shall be accompanied by a statement from the Water District Superintendent of conditions on which the district will supply water, and approving the size and location of mains, valves, and hydrants proposed; and a statement from the Fire Chief approving the number, size and location of hydrants proposed. Actual installation of the hydrant is subject to approval by the town meeting of rental charges.

Section 8. Fee. A Fee of \$25.00 plus \$10.00 per acre for each acre or fraction thereof over  $2\frac{1}{2}$  acres shall be submitted with the Final Plan.

Section 9. Performance Guaranty. As a condition precedent to Final Approval of any subdivision, a performance guaranty to defray expenses involved shall be submitted with the Final Plan.

A. Certified Check or Surety Bond. With his Final Plan

the Subdivider shall tender either a certified check payable to the Town of Hampden or a faithful performance bond running to the Town of Hampden and issued by a surety company acceptable to the Town Treasurer in an amount of money to be determined by the Town Treasurer with the advice of the various town departments and agencies concerned. The check or bond shall be equal to the total of the costs of furnishing, installing, connecting, and completing all of the street grading, storm drainage and utilities specified in the Final Plan, conditioned on the completion of all such grading, storm drainage, water main, fire hydrant, sewer, and street installations within one year from the date of such check or bond.

B. Release of Check or Bond. Before voting to release such check or bond, the municipal officers shall determine to their satisfaction in part by written certification signed by the Town Treasurer and by the Planning Board Chairman, that there have been submitted to them by the Subdivider or his agent, written statements signed by:

1. A registered professional engineer stating that the street and storm drainage have been constructed and completed in conformance with the Final Plan; that the sewerage or means of waste disposal have been constructed and are in place in conformance with the Final Plan.
2. The Water District Superintendent stating that the water mains and hydrants, if any, have been installed and are in place in conformance with the Final Plan.
3. A registered surveyor, paid for by the Subdivider, that all permanent bounds or monuments on street lines (and on lot lines, if any) have been installed and are accurately in place in the locations designed on the Final Plan.

Section 10. Minimum Standards for Street Design and Construction. The design of streets shall provide for proper

projection of streets into adjacent unsubdivided and open land. Details of construction shall conform to the Street Ordinance of the Town of Hampden.

Section 11. Easements. The Planning Board may require easements for sewerage, drainage, and other utilities.

Section 12. Public Open Space. The Planning Board may require dedication for park and playground purposes of not more than 5 per cent of the total land area of a subdivision containing 20 acres or more at no cost to the Town of Hampden. The location and extent of such park and playground areas, if any, shall be determined by mutual agreement between the subdivider and the Planning Board.

Section 13. Water System. Town water mains with hydrants, if any, shall be provided. A minimum of a 6 inch water main is required for all streets and shall be installed by the Hampden Water District with the initial expense to be borne by the Subdivider.

Section 14. Sewer System. A properly designed on-site sewer system shall be developed in accordance with the Sewer Ordinance of the Town of Hampden. If town sewers are not available, approval by the State of Maine of the means of sewage disposal for the subdivision shall be required.

Section 15. Separability. If any provision of this ordinance is held to be invalid for any reason, such invalidity shall not affect the remaining provisions of the ordinance, which shall remain in full force and effect.

Article 23. To see if the town will vote to authorize the Board of Selectmen to appoint a committee to investigate the desirability of a Council-Manager form of government and report to the next annual town meeting.

Notice is hereby given that new voters may register at the Town Office on March 16, 17 and 18 from 9:00 a.m. to 4:00 p.m. This registration is in preparation for the Annual Municipal Election to be held March 23, 1970.

Given under our hands this 13th day of March, 1970,

FRANK W. JEWELL,  
Chairman

ROBERT FARRINGTON

## LETTER OF TRANSMITTAL

It is a pleasure to present the Annual Report of the Town of Hampden for the fiscal year ending January 31, 1971.

The torrential rains of February and March and the heavy snowfall in December resulted in a large overdraft in our Winter Roads Account. Fortunately, this was offset by unexpended balances in other operating accounts. The United States government has approved disaster relief funds for part of the reconstruction costs of roads and bridges and are expected to reimburse the town with \$3,641.48. Included in this amount was the construction of the Thomas Road bridge, repairs to the end of the dam at the Recreation Area and replacement of the roof on the salt shed.

A satisfactory solid waste disposal area must be obtained as soon as possible. The present open burning dump is in a sad state with no room for expansion.

This year's budget consists of two appropriations. The first is to maintain the existing site for a short period of time and to properly close it by eliminating rodents and adequately covering the remaining solid waste. The other appropriation will be used for soil suitability studies and site location for a sanitary land fill area which, because of pending State legislation, appears to be the only logical solution to our solid waste disposal problems.

Several town employees evidenced interest in the Maine State Retirement System. An actuarial study was obtained on the various methods of providing this plan. Subject to approval by the town meeting the selectmen have agreed to the basic retirement plan with a maximum of ten years past service. The retirement plan will cost the town about

\$7,000 annually. Each employee was given a description of the plan with his cost and the benefits he would eventually receive. Employees who accept the plan will not receive a wage increase this year but those who do not wish to participate will be granted a five per cent increase. Employees will contribute five per cent of their gross wages to the plan for current services. In the event that an employee elects to join the plan after its effective date the town will not provide any past service benefits and all employees hired after this date must accept the plan and all of its then existing provisions.

Although the State will assume all benefits to Aid to Dependent Children on January 1, 1971 we are advised that many payments made in 1970 have not been billed to the towns and that we should include approximately one-half of our 1970 costs in this year's budget. This explains the continued appropriation in this account.

Due to the past year's experience it was necessary to increase the appropriation for town welfare.

An office for the Assessor has been completed in the Town Hall where he and all property records will be permanently located in the near future. He plans to be in his office each Tuesday and Thursday and every other Friday.

Town Road Improvement Funds were used for reconstruction of the Route 9 end of the Paper Mill Road. Present plans call for this year's State allotment to be used for the continuation of this project.

Replacement of highway equipment in 1970 included a gravel screen and a dump truck with sander.

The Highway Department will continue its program of improving town streets and roads during 1971.

The following pages of this report contain the past year's activities of town departments, agencies and officers.

I wish to express my sincere thanks to all town officers and officials, employees and interested citizens for their cooperation and assistance during the year.

Respectfully submitted,  
LAWRENCE C. LYNCH  
Town Manager

## ASSESSOR'S NOTICE

To: All persons liable to taxation in the municipality of Hampden, Maine

You are herewith directed, according to Title 36, Sec. 706, M.R.S.A., to furnish the Municipal Assessor of the Town of Hampden, Maine a true and perfect list of all polls and estates, not by law exempt from taxation, of which you are possessed on the first day of April of this year. This list must be filed on or before the 20th day of April, 1971 and in the case of a commercial interest should include the value of its average inventory for the year.

If any person after such notice does not furnish such list, he is thereby barred of his right to make application to the assessors, the Assessment Board of Review or the Courts for any abatement of his taxes, unless he furnishes such list with his application and satisfies them that he was unable to furnish it at the time appointed.

### NOTE!

The above is a requirement of State Law. More than that, however, it is important that these lists be filed so that a more accurate assessment can be made. Properties, which have been sold or junked should be so noted on the list that they will not be taxed to the former owner. Additions or improvements to property should of course be listed.

It would be helpful if persons who move would notify the town office of their new address.

Young men attaining the age of 20 years prior to April 1, 1971 should notify the town office so that their poll tax can be included in the commitment.

Heads of households, of limited means and over certain ages, can request a waiver of payment of any increase in

property taxes on their homes. If a waiver has been granted in the past, it is necessary to file a new one each year.

Veterans, widows, blind folks and others wishing to claim a new exemption under State Law must file a request with proof of entitlement prior to April 1 of the current year.

"Tax List" forms will be distributed where feasible. They will also be available at the town office. "Lists" may be filed on standard 9 by 11 paper but should contain the necessary information: name, address, itemization of Real and Personal property, Poll tax status and a listing of all dogs owned by the taxpayer.

If questions arise relative to property taxation, or if further information is desired, I shall be happy to attempt to provide the necessary information.

Respectfully,

HERBERT L. HANSON

Assessor

# REPORT OF PUBLIC HEALTH NURSE

## MAINE DEPARTMENT OF HEALTH AND WELFARE

### DIVISION OF PUBLIC HEALTH NURSING, BUREAU OF HEALTH

#### Annual Report of Public Health Nursing Service in Hampden in the year 1970

Your public health nurse, a member of the Division of Public Health Nursing, gave community nursing service to the residents of Hampden. The service of the public health nurse was available to individuals and families who needed nursing care. Service was given to individuals and families in their homes, state operated clinics and other service settings.

Thirty-four new cases were admitted to nursing care in the past year. Twenty-seven new cases were named contacts of tuberculosis and were discharged after the nurse skin-tested each person and found each reading negative, therefore, no need for further service. The following table presents the number of visits by type of case.

TABLE

Type of Case	No. of Visits
Communicable disease control	70
Ear condition	23
Cancer	12
Cardiac	10
Eye Condition	6
Dental problem	2
Crippling condition	2
Epilepsy	1
Non-classified illness	33
Total	159

Although the school is now served by Mrs. Luro, R.N., the public health nurse did plan and conduct some school activities during 1969-70 school year. The State Rubella Project, Health Officer, and your Public Health Nurse organized and held a Rubella clinic for 664 students. Students in grades kindergarten through three received a pure-tone audiometer hearing test by the nurse. Eight children were found to have an apparent hearing problem. Seven of these children were seen by a private physician and one was referred to the Division of Child Health.

The public health nurse consulted with your Local Health Officer, social workers and town officials to plan and to meet the needs of families.

Respectfully submitted,

PATRICIA JONES, R. N.

Public Health Nurse

## AMBULANCE SERVICE

In the past year, we have had a 30 percent increase in calls over the previous year.

125 calls 1970, as compared to 94 for 1969

87 of these were local—38 were out of town.

54 percent of the calls were during the daytime hours.

January 1st, 1971 was the deadline on Ambulance licensing in the State of Maine. One of the requirements of the law is that, there shall be at least one licensed attendant in the ambulance on each call. Up to this time, we have not had to refuse a call, because of a lack of licensed attendants. However, most of our licensed men work out of town during the day, and this leaves us short-handed.

It is our hope that, in the near future, another attendants course will be available. Any persons that are available during the daytime hours, and that are interested in the ambulance service, should contact the Fire Department.

A new oxygen supply tank and flow meter has been installed as part of the requirements of the new law. Several other smaller items have also been added or improved.

Replacement, this year, of our present ambulance is imperative. This vehicle is in good condition. It is 13 years old, and is beyond restoration.

Our thanks go to the local and State Police for their cooperation and assistance. Also, we would like to express our appreciation, to those few citizens who have had enough interest to come in and inquire as to the special problems that have arisen, as we have taken on this relatively new public service.

For us to provide improved, and effective service to you, the residents of the Town of Hampden, your continued support is needed and is very much appreciated.

Respectively submitted,

ROBERT M. BAILEY

Assistant Chief

Hampden Fire Department

## POLICE DEPARTMENT REPORT

To the Town Manager, Board of Selectmen and the Citizens of the Town of Hampden:

I wish to thank the various organizations who have aided us during the past year.

With a special thanks to those who have given of their time to make our town a better place to live.

The following is a resume of police activity over the last 5 years.

	1966	1967	1968	1969	1970
Complaints received	495	132	946	1,286	1,533
Arrestable complaints	292	—	113	425	377
Patrol arrests	124	—	117	180	137
Accidents investigated	55	86	78	123	110

The following forwarded to the Federal Bureau of Investigation for the Town of Hampden for the year 1970:

	1965	1966	1967	1968	1969	1970
Criminal homicide	0	1	0	0	0	0
Forcible rape	0	0	0	0	1	0
Robbery	0	0	0	0	0	1
Assault	2	1	2	3	7	12
Burglary	9	13	5	6	14	33
Larceny (theft total)	34	26	6	16	25	56
A Over \$50.00	8	13	2	8	5	22
B Under \$50.00	26	13	4	8	20	34
Auto theft	1	0	0	6	1	4

Due to the increase in the crime rate for 1970 we have been using 2 men in the police car nightly for the safety of our personnel.

Respectfully submitted,  
 ROLAND L. HUSTON,  
 Chief of Police

## FIRE DEPARTMENT REPORT

To all the Town Officials and Citizens of the Town of Hampden:

This is my twenty-fourth annual report for the Fire Department and is for the past year of 1970, during which time we had a total of 83 alarms.

We are still setting aside money toward the purchase of a late model Tank Truck, which we are sorely in need of at this time.

We have purchased more new equipment for the department, such as hose, coats and boots, red warning lights for the rear of Engine No. 1, which has always been a problem. Also several new dual-tone Electrons to add to our alarm system for the firemen.

Don't forget your grass burning permits when the season comes. The State is getting tougher every year in regard to this matter.

It is good to know that the meeting room at Station No. 2, at West Hampden, has been made use of by the "Good Will Riders," snowmobile club this past season.

Thanks once again to all the other Depts. and all the Officials for their assistance and cooperation.

Respectfully submitted,

CLAIR A. TRASK,

Fire Chief

## HAMPDEN RECREATION AREA REPORT

This was an unusually hot, dry summer. The area was closed due to bad weather only one full day. Participation in both the morning and afternoon program was very good.

The morning program consisted of the usual swimming lesson including life saving. In addition, both standard and advanced first aid were offered and certificates issued. This year the morning program was expanded to include arts, crafts, and storytelling. Mrs. Skarpin volunteered her time to read to the children. A tetherball was added and became an immediate hit.

More noticeable on Sunday, than any other day, was the influx of out-of-town residents. Perhaps a sign denoting — Facilities for Use by Town of Hampden Residents Only — would thwart most of the would-be free-use seekers. I am reluctant to recommend stickers because of the administrative cost involved.

### SUGGESTIONS FOR NEXT YEAR

1. We will need four new picnic tables to replace those that have rotted out.
2. One additional guard stand will be needed. At the end of the season we dismantled the one remaining old stand.
3. Because of the distance, time, and the need to find a driver involved in getting the resuscitator to the area, it is recommended that a utility model should be purchased to have on base.

To answer those who denounce the papermill road site; voting for a swimming pool is a popular thing, but the cost and the limitation should be considered. The papermill road site was inspected by a representative from the

State Parks Commissioners Office. He encouraged us to make an application for a Federal matching funds grant for development.

#### RECREATION — WHITCOMB-BAKER PARK

The Little League Field located adjacent to the Canoe Club Road which was completed in the fall of 1969 was used this year. Next spring we plan to install a permanent backstop and make other improvements to this field.

The planned second ball diamond is laid out and the necessary fill is at the location to be leveled in preparation for a cover of loam and grass seed.

Continued expansion of the park will progress as far as possible with the funds and volunteer help available.

#### RECREATION COMMITTEE

## HAMPDEN HISTORICAL SOCIETY

The Hampden Historical Society was organized by a group of interested citizens for the purpose of bringing together all those members of our community who are interested in the history of the town and of the surrounding area.

The major purpose of the society is to collect and preserve all articles and printed or written materials which will contribute to a more complete record of the early years of the town and to make these collections available to all persons who are interested in their examination and study.

Through its programs the society wishes to extend the knowledge, not only of Hampden, but also of the historic past of the county and state. These will include local and visiting speakers, collections, exhibits, and memorabilia which should be of interest to all and add to a better understanding of our American heritage.

Plans are being made for the identification of historic sites, buildings, and trails, that the colorful past of this town will not be lost to posterity.

The Hampden Historical Society extends to all citizens of all ages, who are interested in its program, an invitation to become members of the group and to lend their support to the accomplishment of its purposes.

The officers are:

President, Mrs. Ralph Millner

Vice-President, Roderick Farnham

Secretary, Mrs. Hope Lindsay Ryan

Treasurer, Arnold Thompson

For further information on membership call Miss Lura E. Hoit telephone — 862-2992

## HAMPDEN WATER DISTRICT

The year 1970 proved to be a quiet one for the Hampden Water District in regards to new installations. With the new home construction continuing to decline, only a total of 3 —  $\frac{3}{4}$  services were added to the system. Also 1 — 6 service and 1 — 2" service were added at the schools.

Painting of the standpipe on the Kennebec Road was started July 28, at which time we experienced many problems with the pressure on the Kennebec Road. This was corrected with the refilling of the tank on about the middle of August. We wish to thank the people of this area for their patience and understanding, as this work had to be done at that time. The standpipe on the Old County Road, at this time, is in good condition and will not require painting for 3 to 5 years.

In July we did a pilot test on the No. 2 well. This test was ran with a new chemical added to the water which was to clear up the iron and manganese in the water. At this time the water was discharged into the stream. The test did not prove to be successful so we are still unable to use this well. We are able to use the No. 1 well, as we have been all along.

## WATER DISTRICT AUDITOR'S REPORT

February 24, 1971

Board of Trustees  
Hampden Water District  
Hampden, Maine

Gentlemen:

In accordance with the request of your Treasurer we have examined the trial balance and closing entries of the Hampden Water District as kept for the year ended December 31, 1970. Our examination included reconciliation of the checking account together with bank confirmation in respect to Sinking Funds.

The disbursements, as recorded by your Treasurer, were reconciled with the total bank clearance for the entire year. We have extensively test checked payrolls and vouchers in support of disbursements. The classification of expenditures and other transactions is believed to be generally consistent with public utilities accounting. We have, however, suggested minor changes that affect certain inactive accounts. In accordance with the terms of our agreement we have not made a physical count of materials and supplies on hand.

Respectfully submitted,  
W. C. WHEELER,  
Public Accountant

## CIVIL DEFENSE REPORT

In 1970 the Civil Defense program was not too active as far as training sessions go. However, we did participate in all of the emergency exercises set up by the state and county agencies.

The weekly radiological monitoring reports were made to the county headquarters, alternating the radios, first using the one at the Fire Station then the one at the Weatherbee School. Both radios are in good working order.

The emergency feeding unit was finished and is now being outfitted with utensils and other necessary equipment.

Plans for the future call for a complete study of fallout protection in the town of Hampden, with emphasis being on protection in the home. Who knows how many shelters there are in Hampden? How would we deal with a sudden heavy fallout of radioactive material? Who would care for those contaminated? How could we know where help was needed without radio or telephone communications? Where are the trained personnel to handle these emergencies? At this time we do not have enough people trained and ready to react to an emergency.

There are communications equipment, medical material and many other items available for emergency use. Also there are training programs in all phases of Civil Defense work so that we could more efficiently use these materials. BUT we must show an interest in setting up an efficient operational program before we can take advantage of these items.

There are some who say who needs Civil Defense, what good is it; we will never be attacked. This is not positive thinking. Now I am not saying we will be, but that it

could happen. And what about natural disasters such as fires, hurricanes, and floods. A well-trained and equipped Civil Defense organization could save many lives. This has been a proven fact in many communities. For instance the earthquake in Alaska, the floods in California, and more recently the earthquake in California, these communities have received much assistance from local Civil Defense units.

Let's give our own Civil Defense organization a boost and get it functioning so that we too may take care of our own emergencies.

Respectfully submitted

RAYMOND M. LORD

1st Deputy Director,

Civil Defense

# AUDITOR'S REPORT

February 23, 1971

Board of Selectmen  
Hampden, Maine

Gentlemen:

In accordance with your request we have made a limited general post audit of the accounting records of the Town of Hampden, Maine for the year ended January 31, 1971. Our examination and accompanying report was based upon the generally accepted audit procedures pertaining to State of Maine Municipalities.

We herewith submit our report consisting of exhibits and supporting schedules, together with such qualifications, analysis and recommendations necessary to develop the purpose of a municipal audit. This report is subject to the limitation of time for complete replies to letters of verification.

## Certificate

Based upon our examination and subject to the foregoing, we hereby certify that, in our opinion, the accompanying report properly presents the financial condition of the Town of Hampden, Maine as at January 31, 1971 and the results of its operations for the year then ended, in accordance with generally accepted methods of municipal accounting.

Respectfully submitted,  
W. C. WHEELER  
Public Accountant  
826 Union Street  
Bangor, Maine

WCW:sw

## COMMENTS

A summary of departmental operations indicates unexpended balances that total \$12,684.40 in contrast to overdrafts of \$9,674.65, the latter including \$5,381.37 for snow removal, \$1,253.40 for charities and \$1,204.23 for solid waste disposal. All of these items can safely be considered as difficult to contend with and loss was unavoidable under the prevailing circumstances. Despite these abnormal costs the unappropriated surplus gained to satisfactory extent, however, this gain is represented by increased receivables leaving the cash operating position practically unchanged.

An improvement to the financial foundation of the Town appears in the retirement of \$22,966.90 in long term debt in contrast to a new obligation in net amount of \$7,000.00, fortunately payable over a three year period because of a 6 percent interest rate. The cost of interest pertaining to long term notes totaled \$5,342.54 and other interest \$7,464.74. It was noted that tax anticipation loans were \$305,000.00 in the current year in contrast to \$400,000.00 in the prior year.

A constructive move has been made in the creation of Capital Reserves. Although modest in amount at present it is the recognition that other towns adopt this policy that makes it important. Entirely apart from monetary consideration of the present, there appears to be an undertone of consideration being given to the future instead of following habits of the past.

## COUNCIL-MANAGER COMMITTEE REPORT

Mr. Lawrence C. Lynch  
Town Manager  
Hampden Highlands, Maine  
and  
The Board of Selectmen  
Hampden Highlands, Maine  
Gentlemen:

At the annual Town Meeting held in March, the following Article in the Town Warrant was approved by the voters:

"To see if the town will vote to authorize the Board of Selectmen to appoint a committee to investigate the desirability of a Council-Manager form of government and report to the next annual Town Meeting.

The Selectmen appointed the following: Floyd Calderwood, Rod Farnham, Searle Perry, Eugene Putnam and Ken Smith. Town Manager Lawrence Lynch, by virtue of his position, served as an ex-officio member. Farnham was elected Chairman of the Committee, and Lynch served as Secretary.

The Committee held several meetings and came to the conclusion that the town should adopt a Manager-Council form of government for these reasons:

1. This is a fast moving age and the Council would have authority to meet emergency situations without the necessity of calling for a special Town Meeting.
2. Councilmen would become the elected representatives of the people and as such would have the authority to make the same decision as the people now make at Town Meetings.

3. The Town Manager and Councilmen would have clear lines of authority thus avoiding possible conflicts. The Councilmen would make policy, and the Manager administer the policy.

As to disadvantages, the only one your Committee can think of is that the traditional Town Meeting would no longer be held. In our opinion, the disadvantage is strictly one of sentiment, and the reluctance to give up a tradition that has possibly outlived its usefulness. We do regret the general lack of interest shown in town affairs by our citizens. With approximately 2,000 registered voters, attendance at Town Meeting rarely exceeds 150 people, or less than 10 percent of the voters.

Your appointed Committee can only recommend, and this we have done. We now would suggest that the Selectmen move in the direction of implementing this report by:

If the voters accept the Committee's report, we suggest a Special Town Meeting be called, at which the voters would vote by Australian ballot on this question: Article 1. "Shall a Charter Commission be established for the purpose of establishing a Municipal Charter." Article 2 would call for the election of six people to serve on the Charter Commission. In the event Article 1 was rejected those elected under Article 2 would not have any function to perform, and they would never serve as Charter Commissioners.

Respectfully submitted,

RODERICK E. FARNHAM,  
Chairman

N. SEARLE PERRY

## CEMETERY NOTICE

Due to rising costs and the need to conserve space in our cemeteries the following rates will become effective in the Spring of 1971.

Burial Lots	\$25.00 per grave
Burials	40.00

## TOWN WARRANT

Penobscot, ss

To Roland L. Huston, Constable of the Town of Hampden  
in the County of Penobscot

Greeting:

In the name of the State of Maine, you are hereby required to notify and warn the voters of the Town of Hampden, in said County, qualified to vote in town affairs to meet at the Hampden Town Hall in said town on Monday, the twenty-second day of March, A.D., 1971 at 10 o'clock in the forenoon, then and there to act on articles numbered 1 and 2;

And to notify and warn said voters to meet at the Weatherbee School Gymnasium in said town on Tuesday the twenty-third day of March A.D., 1971 at 7 o'clock in the afternoon, then and there to act on article 3 through 30; all of said Articles being set out below, to wit:

Article 1. To choose a Moderator to preside at said meeting.

Article 2. To elect all necessary town officers by secret ballot.

The polls for voting on Article 2 will be open at 10:15 o'clock in the forenoon and will close at 8 o'clock in the afternoon.

Article 3. To choose one trustee of the George Stetson Fund to serve for three years.

Article 4. To see if the Town will vote to authorize the Selectmen on behalf of the Town to sell and dispose of

any real estate acquired by the town for non-payment of taxes thereon, on such terms as they deem advisable and to execute quit-claim deeds for such property after advertising in a local newspaper for two consecutive weeks that such property is for sale, except when the property is to be redeemed by the former owner, or by his heirs, devisees or assigns.

Article 5. To see if the Town will vote that the tax list be committed as soon after April 1st as possible, that taxes be due on presentation of the bill and that interest at the rate of 8 per cent per annum be charged on all taxes remaining unpaid after December 1st.

Article 6. To see if the town will vote to extend participation in the Maine State Retirement System, Maine Revised Statutes Annotated Title 5, Chapter 101 to its employees and authorize the Board of Selectmen to enter into an agreement with the Maine State Retirement System for that purpose and to fix the effective date of said membership. An appropriation for this purpose is provided in Article 7.

Article 7. To see what sum, if any, the town will vote to raise or appropriate for Administrative Expenses, as follows:

1970 Appropriation	Recommendation
\$ 4,000.00 Incidentals	\$ 3,000.00
21,000.00 Town Officers and Officials Salaries	22,000.00
2,000.00 Town Hall Expenses	2,200.00
5,500.00 Social Security—Town's Share	6,250.00
State Retirement—Town's Share	5,400.00

6,200.00	Tax Assessor's Expense	6,000.00
<hr/>		<hr/>
\$ 38,700.00		\$ 44,850.00
32,950.00	Appropriate from Property Taxes	44,850.00
5,750.00	Appropriate from Surplus	

Article 8. To see if the town will vote to authorize the Selectmen to use the accumulated amount of one thousand seven hundred dollars (\$1,700.00) plus interest in the Ambulance Capital Reserve Account to be used toward the purchase of a new ambulance.

Article 9. To see what sum, if any, the town will vote to raise or appropriate for Protection, as follows:

400.00	Shade Tree Program	400.00
7,000.00	Town Owned Property	1,300.00
4,000.00	Recreation—Swimming Area	4,000.00
1,000.00	Recreation—Whitcomb-Baker	1,500.00
	Chapel, Veterans' Cemetery	100.00
<hr/>		<hr/>
\$ 13,450.00		\$ 8,250.00
12,250.00	Appropriate from Property Taxes	8,250.00
1,200.00	Appropriate from Surplus	

Article 21. To see if the town will vote to accept the following amounts to be held in Trust and the income to be used toward perpetual care of cemetery lots all as shown in the following schedule, or act on anything else relative thereto.

1. Estate of Paul Simmons for the care of Lot  
No. 249A in Locust Grove Cemetery       \$     200.00
2. Blanche W. Doane for the care of Irven E.  
Doane Lot in Nealley's Corner Cemetery   \$     200.00

Article 22. To see if the inhabitants of the Town of Hampden will vote to accept the provisions of Title 30, Sections 4401 and 4451 to 4455 inclusive of Maine Revised Statutes Annotated, as amended, relating to the construction of drains and common sewers, and assessments for defraying the expenses of constructing and completing drains and sewers.

Article 23. To see if the town will vote to construct and maintain the necessary sewer line to serve the area on the Coldbrook Road from Laskey Lane to Route 1-A.

Article 24. To see if the town will vote to authorize the Treasurer, with the approval of the Selectmen to borrow a sum not exceeding twenty-five thousand dollars (\$25,000.00) and execute and deliver the negotiable note or notes of the town therefore; this sum to be used to construct the proposed sewer as set forth in Article 22 and 23.

Article 25. To see if the town will vote to establish a Conservation Commission as set forth in the Maine Revised Statutes Annotated, Title 30, Chapter 229, Section 3851; and to exclude from the Conservation Commission the supervision of public shade trees and public parks (under Title 30, Chapter 229 sections 3583, 3584).

Article 26. To see if the town will vote to accept the report of the Council-Manager Study Committee as shown on page 66 of this report.

Article 27. To see if the town will vote to discontinue as a town way all of the Thomas Road starting at the north end of the bridge over the West Branch of Souadabscook Stream leading southwesterly.

Article 28. Shall the following amendments to the "Mobilehome Ordinance for the Town of Hampden, Maine" be enacted.

MOBILEHOME ORDINANCE  
FOR THE  
TOWN OF HAMPDEN, MAINE  
PROPOSED AMENDMENTS  
SECTION 1 — DEFINITIONS

1. *Mobilehome.* Mobilehome shall mean a factory assembled, detached, residential dwelling unit suitable for year-round occupancy; conforming, except with respect to Section II thereof, to the provisions of the Town of Hampden Building Code Ordinance, as amended; and designed to be transported on the public streets and highways.
2. *Mobilehome Park.* Mobilehome park shall mean a plot of ground having a minimum area of 12 acres and laid out in conformity with the provisions of this Ordinance to accommodate a minimum of 25 mobilehome spaces.
3. *Mobilehome Space.* Mobilehome Space shall mean a plot of ground within a mobilehome park designed for the accommodation of one occupied mobilehome.
4. *Trailer.* Trailer shall mean a dwelling unit suitable for temporary occupancy and licensed to be transported on the

public streets and highways. A motor home, for the purpose of this ordinance, shall be defined as a trailer.

5. *Camping Ground.* Camping Ground shall mean a parcel of land so defined by the Zoning Ordinance of the Town of Hampden, as amended.

6. *Sectional Home.* Sectional Home shall mean a factory assembled, detached residential dwelling unit suitable for year-round occupancy and conforming to the provisions of the Town of Hampden Building Code Ordinance.

#### SECTION 2B — SECTIONAL HOMES EXEMPTED

1. Sectional Homes shall not be required to conform to the provisions of this Ordinance, but shall be required to conform to all other applicable codes, ordinances and regulations of the Town of Hampden and of the State of Maine.

#### SECTION 2C — INDIVIDUAL TRAILERS PROHIBITED

1. Except as provided in Section 3, paragraph 3 of this Ordinance, no person shall maintain and occupy a trailer in the Town of Hampden in any location other than within a camping ground, nor shall any person maintain and occupy a trailer in the Town of Hampden during the months of December, January, February and March.

#### SECTION 3 — PERMITS

1. The annual cost of this permit shall be \$100.00
2. (2) The minimum number,, location and size of all mobilehome spaces.

#### SECTION 8A — PROTECTIVE EQUIPMENT MINIMUM SERVICE ENTRANCE

1. Each Mobilehome shall be provided with an approved

disconnecting device and current protective equipment. The minimum service entrance shall be 120/240 Volts AC 50 Amps.

## SECTION 12 — MISCELLANEOUS PARK MANAGEMENT RESPONSIBILITIES

1. The person to whom a permit for a mobilehome park is issued shall operate the park in compliance with this section, and shall provide adequate supervision to maintain the park, its facilities and equipment in good repair and in a clean and sanitary condition.
2. The park management shall notify park occupants of all applicable provisions of this section and inform them of their duties and responsibilities thereunder.
3. The park management shall be responsible for the proper placement of each mobilehome on its mobilehome stand which includes securing its stability and installing all utility connections. The management shall also be responsible for the disconnection of all utilities prior to the departure of a mobilehome.
4. The permit shall be conspicuously posted in the office of or on the premises of the mobilehome park at all times.
5. The park management shall be responsible for notifying the Chief Assessor of the arrival or impending departure of any occupied mobilehome or change of ownership that occurs within the park.
6. The park management shall maintain the entire park area free of dry brush, leaves, weeds and debris.
7. All heating installations shall conform to the State of Maine oil burner installation code or applicable codes.
8. No park shall permit the entrance of a mobilehome having evaporating type heating or cooking facilities without the approval of the Fire Chief.

## SECTION 13 — RESPONSIBILITIES OF PARK OCCUPANTS

1. The Park occupant shall comply with all applicable requirements of this section, and shall maintain his mobile-home lot, its facilities and equipment in good repair and in a clean and sanitary condition.

## SECTION 14 — REVOCATION OF PERMIT

1. The Building Inspector or the Fire Chief shall revoke any permit to maintain and operate a mobilehome park when the permittee has been found guilty by a court of competent jurisdiction of violating any provision of this section. After such conviction, the permit may be reissued if the circumstances leading to conviction have been remedied and the park is being maintained and operated in full compliance with the law.

Article 29. Shall an ordinance entitled "Zoning Ordinance for the Town of Hampden, Maine December 1964, as amended" be revised by permitting a parcel of land to be classified as Business Zone. Said parcel of land extends along the Coldbrook Road from the existing Business Zone northeasterly to the existing Rural Zone, the new zone to extend on each side of the Coldbrook Road two hundred feet from the right of way line.

Article 30. Shall an ordinance entitled "Zoning Ordinance for the Town of Hampden, Maine December 1964, as amended" be revised by permitting a parcel of land to be classified as Residential B. Said parcel of land is that portion of the Rural Zone that is bounded on the west by the existing Industrial Zone bordering the Bangor and Aroostook Railroad, on the north by Route 9 and by the existing Residential A Zone, on the east by the existing Residential A Zone bordering Route 1-A and on the south

by the existing Residential A Zone bordering the Kennebec Road and by the Kennebec Road itself; specifically excepting however, from the above described area the existing Industrial Zone bounded on the west by S.A.D. 22, on the north by E. G. Baker, on the east by the old cemetery and Kenneth Newcomb and on the south by Heirs of Wilfred Rawcliffe.

Notice is hereby given that new voters may register at the Town Office on March 15, 16 and 17 from 9:00 a.m. to 4:00 p.m. This registration is in preparation for the Annual Municipal Election to be held March 22, 1971.

Given under our hands this 11th day of March, 1971.
